Cemetery clean-up

Members from the Kiwanis Club of Seminole Breakfast gathered on Nov. 9 to help clean the historic Seminole Cemetery, 11250 50th Ave. N., just off Seminole Boulevard. The cemetery had overgrown brush on the fence surrounding the cemetery and rain had damaged the paint on the storage building. Club members spent the morning trimming palms and other bushes, and hauling away two truckloads of debris. Members also repaired and repainted the storage shed. This historic cemetery was established in 1894 by members of the Seminole United Methodist Church and contains the graves of many of the area's earliest settlers. Above, from left, Kiwanis President John Sanguinett and members Wayne McKenney and Bill Miller apply new paint on the cemetery's storage shed.

Right, Kiwanis members Charlene Jasmine and David Green help clear brush at the cemetery.
