Dear Mr. Walters,

Your recent donation of \$100.00 means that we can help more kids in our community with much needed school clothes! You help make clothes possible. We anticipate providing more than 13,000 wardrobes this year to kids in our community ... kids like Penelope!

This is Penelope. She came to shop with her older brother after being placed with a foster parent. The foster parent brought them into shop at Clothes to Kids because they did not have the clothes that they needed for school.

Penelope AND her brother were thrilled when they left with a full shopping bag of clothes — all free of charge.

YOU helped fill their shopping bags full of clothes and hope. Thank you for your part to clothe a kid, change a life. Clothes surely matter, we know they do.

I am confident when kids shop in our stores that their need for clothes is fulfilled. Thank you for your commitment to our mission.

Gratefully,

Jennifer Jacobs
