Dear Loren,

Daystar's clients needed you and you were there!

We are so grateful for your donation of \$125.00 to assist those most deeply affected by COVID-19 and the overwhelming loss of jobs and decrease in social services it has caused. Daystar would be unable to continue its mission in our community without your generosity.

While the number of people in need has increased exponentially, its the number of *first time* clients that is so humbling for us.

Naomi was frantic when she reached us. She was forced to take a leave of absence from her job and shelter in place to protect two immunocompromised family members. Her employer is holding her job for the time being but she has little savings, no salary coming in and hasn't yet received any support through unemployment assistance. She didn't know how to pay her bill and had never been in this position before.

You made it possible to help her pay for electricity along with providing emergency food assistance. You changed that young woman's life that day.

Thank you once again for your generosity and for your confidence in our stewardship. We will continue to provide operations and programming updates, and share stories in the monthly Beacon newsletter and on social media.

Be safe. Be well. Be kind.

With gratitude and prayers,

Jane F. Walker

*Many thanks
for caring!*
