Dear Kiwanis Club of Seminole -

As the mother of scholarship recipient Michaela Preble, I just wanted to thank you so very much for this generous award. Scholarships like yours help tremendously with the cost of higher education and Michaela has worked very hard to be able to secure a college education. As a single parent, college can be

very difficult to afford and scholarships like yours really help to fund these dreams. As a scholarship recipient myself decades before, I know what a difference scholarships can make.

So again, thank you so much for making these scholarships available and know that they are tremendously appreciated.

with gratitude,  
Randy Nelson
